Authorization of the use and sharing of data Open Street Map – Sonian Forest - Brussels

This contributor agreement (the “Agreement”) is made between the Brussels manager of the Sonian Forest (Bruxelles Environnement) and The OpenStreetMap Foundation (“OSMF”) and clarifies the intellectual property rights in any Contents that you choose to submit to the Project.

I, the undersigned Stéphane Vanwijnsberghe, grant to OSMF, in the conditions as stated below, a worldwide, royalty-free, non-exclusive, perpetual, irrevocable licence to do any act that is restricted by copyright, database right or any related right over anything within the Contents, whether in the original medium or any other. These rights explicitly include commercial use, and do not exclude any field of endeavour. These rights include, without limitation, the right to sub-license the work through multiple tiers of sub-licensees and to sue for any copyright violation directly connected with OSMF's rights under these terms. To the extent allowable under applicable local laws and copyright conventions, we also waive and/or agree not to assert against OSMF or its licensees any moral rights that we may have in the Contents.

We grant to OSMF that it may only use or sub-license our Contents as part of a database and only under the terms of one or more of the following licenses: ODbL 1.0 for the database and DbCL 1.0 for the individual contents of the database; CC-BY-SA 2.0; or such other free and open licence (for example, <http://www.opendefinition.org/okd/>) as may from time to time be chosen by a vote of the OSMF membership and approved by at least a 2/3 majority vote of active contributors.

We consent OSMF to quote us or cite the owner of the copyright, according to our wishes or these of the copyright holder. The citation will be showed on the following web page <https://wiki.openstreetmap.org/wiki/Attribution>.

We offer the OSMF the following data: *shape files of the Sonian Forest*

The Sonian foundation can act as intermediary for the exchange of data concerning the Sonian Forest and can serve as a single point of contact for OSMF.
